Day 6 – Saturday July 28, 2012

A Main Day

Lower mains have been completed and those few remaining spots are filled for our A Main Events. All the planning, hard work, and determination that each and everyone has put forth to get to this point has arrived and the day is finally here.

Congratulations to all our A Main Event Drivers and Handlers, for a job well done. We have all seen some great racing in the lower mains, and it is only going to get better as we move into the A Main events.

Over this past week we have all got a chance to either reconnect with some of our old racing friends and family, or had chance to make some new ones, and that goes for drivers and handlers alike. This is just one thing that makes our sport as great as it is. So with the pressure turned up for A Main Day let's all remember to be kind to one another as well as your hard working track officials.

Good Luck Drivers!!!
