Let the Stories be Told and Dreams Unfold!***

**Why Portland?**

- Portland resides in Region 9, one of QMA's largest regions where car counts average 170+. Full fields are the norm, not the exception.
- Portland will draw strong programs from our Region 9 neighbors that will strengthen competition across every class.
- Traveling to the Northwest is an experience every family should have on their bucket list!
- Participating in the 2012 Western Grands will prove to be an overall outstanding, quarter midget competition and family experience.
